Let's go fishing for positive childhood experiences!

Healthy relationships, safe environments, civic engagement, and emotional growth are key to healthy development.

Instructions: All players start at square 1. Roll your die and move your token the number of squares shown. If you land on an animal fact, read it aloud. Then read and answer the associated question. If you land on a question, read and answer it, then read the associated animal fact. If you land on a square that says to move, move your token forward or back to the square indicated. Scan the QR codes for more fun resources. The first player to reach square 80 wins! When you finish playing, have each player share 1 new thing they learned about someone else!
